## 5 Ways Enrolling in U.S. Legal Services Helps You Achieve Legal & Financial Success

### Financial wellness dashboard included at no cost within your legal plan.

#### 1 What is it?

A confidential, personalized online financial wellness dashboard located within the U.S. Legal Member Portal.

Set and track your financial well-being score, and review personalized content, resources, and tools based on your unique interactions.

#### 2 How does it work?

Start with a 3-5 minute financial wellness assessment which will provide insight into your financial circumstances.

After the assessment, book a telephone or Zoom meeting with a financial advisor to review and address questions and areas of concern.

Advanced algorithms work to personalize your dashboard providing you tools and resources to meet your individual financial needs.

#### 3 What does it cost?

These resources and consultations are included in the cost of the legal plan - one low premium for comprehensive holistic legal and financial wellness.

Have your personal tax returns prepared for a \$195 flat fee, plus a free review of your prior year's return.

#### 4 Who can use it?

Along with the enrolled employee, up to three additional people in the employee's family can access the online content and resources.
